It was quite a day for running trails; and run you did! Ginn and Kevin ran (skipped?) hand in hand for 22.5 miles before Ginn responded to a little good natured goading and put the hammer down. Over the last 8.5 miles he opened a 26 minute gap to finish in a new course record 4:25:54.

Emily, in her debut ultra, ran a very strong 5:23:42 to set the Women's course record, and she did it without ever losing her smile.

There were lots of impressive performances, but special kudos go out to Heather, Jose, and Dawn who all were running their first Ultra. Welcome to the community kids; I hope you like kool-aid....

Congratulations to all of you! And a very heartfelt thanks to Aid station captains Nicole and Mary, and volunteers Tom, Jeff, Tina and Mike. Ron and I could not have done it without you.

Thanks everyone for coming out to play with us, and we hope to see you again next year!

Steve
