Harford Hounds

4-miler

RESULTS

Final posting- 7/20

Participation in the Harford Hounds 4-Miler began with 90 participants (!) with a total of 84 finishing times reported.

The overall combined Male & Female Results as well as separate Male and Female Results tallies are presented in the following Tables.

For the 2013 results, card-noted race times were compared and adjusted with official clock times. A few name and spelling errors have been corrected since the initial posting. This is the final posting for this race.

** NOTE: We appreciate your patience with results reporting - The informal nature of this race helps keep costs to a minimum, and while it is exciting that this race experienced a large number of participants, future changes are being considered to help improve timing efficiency and accuracy.*

We hope to see you next year!

Special congratulation to top Male and Female finishers!!!
